**Significant changes in state of affairs**

In the opinion of the directors, there were no significant changes in the state of affairs of the Funds that occurred during the year.

**Directors' report (continued)**

**Matters subsequent to the end of the financial year**

There has been no matter or circumstance since 30 June 2022 that has significantly affected, or may significantly affect:

- (i) the operations of the Funds in future financial years; or
- (ii) the results of those operations in future financial years; or
- (iii) the state of affairs of the Funds in future financial years.

**Likely developments and expected results of operations**

The Funds will continue to be managed in accordance with the investment objectives and guidelines as set out in the relevant PDS and in accordance with the provisions of the relevant Constitution.

The results of the Funds' operations will be affected by a number of factors, including the performance of investment markets in which the Funds invest. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operations of the Funds and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Funds.

**Indemnification and insurance of officers**

No insurance premiums are paid for out of the assets of the Funds in regards to insurance cover provided to the officers of the Responsible Entity. So long as the officers of the Responsible Entity act in accordance with the Funds' Constitutions and the law, the officers remain fully indemnified out of the assets of the Funds against losses incurred while acting on behalf of the Funds.

**Indemnity of auditor**

The auditor of the Funds is in no way indemnified out of the assets of the Funds.

**Fees paid to and interests held in the Funds by the Responsible Entity or its associates**

Fees paid to the Responsible Entity and its associates out of the Funds' property during the year are disclosed in note 12 to the financial reports.

No fees were paid out of the Funds' property to the directors of the Responsible Entity during the year.

The number of interests in the Funds held by the Responsible Entity or its associates as at the end of the financial year are disclosed in note 12 to the financial reports.

**Directors' report (continued)**

*Deferred Fund Expenses*

Under the terms of the Funds' Constitutions, the Responsible Entity is entitled to be reimbursed for all operating and administration expenses that have been incurred on behalf of the Funds. The Funds' PDSs outline in Section 6 that the Responsible Entity caps this amount at 0.05% per annum of the Net Asset Value (NAV) of the Funds.

As at 30 June 2022, the Responsible Entity has incurred reimbursable expenses in excess of the amount charged to the Funds as below:

	<b>Australian Equities Fund</b>		<b>Concentrated Australian Equities Fund</b>		<b>Emerging Companies Fund</b>		<b>ex-20 Australian Equities Fund</b>		<b>Twenty20 Australian Equities Fund</b>	
	<b>Year ended</b>		<b>Year ended</b>		<b>Year ended</b>		<b>Year ended</b>		<b>Year ended</b>	
	<b>30 June 2022</b>	30 June 2021	<b>30 June 2022</b>	30 June 2021	<b>30 June 2022</b>	30 June 2021	<b>30 June 2022</b>	30 June 2021	<b>30 June 2022</b>	30 June 2021
	\$	\$	\$	\$	\$	\$	\$	\$	\$	\$
Reimbursable expenses	<b>22,577</b>	6,159	<b>120,348</b>	327,924	<b>439,484</b>	287,120	–	–	<b>637,845</b>	498,453

These amounts represent expenses that have been incurred by the Responsible Entity on behalf of the Funds, for which the Responsible Entity is entitled, but has deferred reimbursement. Payment of this amount is contingent upon there being significant growth in the Funds' NAV, such that the payment will not result in expenses exceeding the amount set out in the Funds' PDSs at the date of payment, the timing of which cannot be reliably estimated at the reporting date.

**Interests in the Funds**

The movement in units on issue in the Funds during the year is disclosed in note 6 to the financial reports.

The value of the Funds' assets and liabilities is disclosed in the Statements of financial position and derived using the basis set out in note 2 to the financial reports.

**Environmental regulation**

The operations of the Funds are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

**COVID-19 Pandemic and situation in Ukraine**

In March 2020, the COVID-10 outbreak was declared a pandemic by the World Health Organisation. The outbreak and the response of Governments in dealing with the pandemic has continued to evolve over the course of time. In February 2022, a conflict broke out in Ukraine leading to an increased level of global uncertainty. The long-term impacts of Ukraine conflict are not yet known but are likely to result in increased market and economic volatility. Due to these situations, the prior year and the current year saw an increase in financial market volatility and corresponding fluctuations in the fair value of the Funds' investment portfolios.

The Responsible Entity and the Investment Manager are monitoring these situations closely, noting that with the ongoing developments, there is still a degree of uncertainty; therefore it is not possible at this time to predict the extent and nature of the overall impact on the Funds. The Investment Manager however, actively manages the financial risks that the Funds are exposed to, and the Net Asset Value of the Funds continue to be valued in accordance with the frequency set out in the Funds' offer documents, applying valuation policies reflective of the prevailing market conditions.

**Directors' report (continued)**

**Rounding of amounts to the nearest thousand dollars**

The Funds are entities of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* and in accordance with that instrument, amounts in the financial reports and directors' report have been rounded off to the nearest thousand dollar, unless otherwise stated.

**Single set of financial reports**

The Funds are entities of the kind referred to by *ASIC Corporations (Related Scheme Reports) Instrument 2015/839* and in accordance with that Instrument, Funds with a common Responsible Entity (or related Responsible Entities) can include their financial reports in adjacent columns in a single set of financial reports.

**Auditor's independence declaration**

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 7.

This report is made in accordance with a resolution of the directors of Bennelong Funds Management Ltd.

Craig Bingham  
Director

Melbourne

28 September 2022

The Board of Directors  
Bennelong Funds Management Ltd  
as Responsible Entity for BAEP Funds  
Level 1, 9 Queen Street  
MELBOURNE VIC 3000

Dear Directors

**Independence Declaration – Bennelong Australian Equities Fund, Bennelong Concentrated Australian Equities Fund, Bennelong Emerging Companies Fund, Bennelong ex-20 Australian Equities Fund and Bennelong Twenty20 Australian Equities Fund (collectively “BAEP Funds”)**

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of Bennelong Funds Management Ltd, the Responsible Entity, regarding the annual financial reports for BAEP Funds.

As lead audit partner for the audit of the financial statements of BAEP Funds for the financial year ended 30 June 2022, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the *Corporations Act 2001* in relation to the audits; and
- any applicable code of professional conduct in relation to the audits.

Yours faithfully

DELOITTE TOUCHE TOHMATSU

Adam Kuziow  
Partner  
Chartered Accountant

## 1 General information

These financial reports cover the following managed investment schemes (the "Funds"). The Funds are registered managed investment schemes under the *Corporations Act 2001*. The Funds may be terminated in accordance with the provisions of the Funds' Constitutions. The Funds are domiciled in Australia.

<b>Fund name</b>	<b>Referred to in this document as</b>	<b>Date commenced operations</b>
Bennelong Australian Equities Fund	Australian Equities Fund	30 January 2009
Bennelong Concentrated Australian Equities Fund	Concentrated Australian Equities Fund	30 January 2009
Bennelong Emerging Companies Fund	Emerging Companies Fund	1 November 2017
Bennelong ex-20 Australian Equities Fund	ex-20 Australian Equities Fund	2 November 2009
Bennelong Twenty20 Australian Equities Fund	Twenty20 Australian Equities Fund	25 November 2015

The Responsible Entity of the Funds is Bennelong Funds Management Ltd (ABN 39 111 214 085) (AFSL 296806) (the "Responsible Entity"). The Responsible Entity's registered office is Bennelong House, Level 1, 9 Queen Street, Melbourne, VIC 3000. The financial reports are presented in the Australian currency.

The Investment Manager of the Funds is Bennelong Australian Equity Partners Pty Ltd.

The principal activity of each Fund during the year was the investment of unitholders' funds as per the objectives stated in the Funds' Product Disclosure Statement ("PDS") and in accordance with the provisions in the Funds' Constitutions. There has been no significant change in the nature of these activities during the year.

### *Covid-19 Pandemic and situation in Ukraine*

In March 2020, the COVID-10 outbreak was declared a pandemic by the World Health Organisation. The outbreak and the response of Governments in dealing with the pandemic has continued to evolve over the course of time. In February 2022, a conflict broke out in Ukraine leading to an increased level of global uncertainty. The long-term impacts of Ukraine conflict are not yet known but are likely to result in increased market and economic volatility. Due to these situations, the prior year and the current year saw an increase in financial market volatility and corresponding fluctuations in the fair value of the Funds' investment portfolios.

The Responsible Entity and the Investment Manager are monitoring these situations closely, noting that with the ongoing developments, there is still a degree of uncertainty; therefore it is not possible at this time to predict the extent and nature of the overall impact on the Funds. The Investment Manager however, actively manages the financial risks that the Funds are exposed to, and the Net Asset Value of the Funds continue to be valued in accordance with the frequency set out in the Funds' offer documents, applying valuation policies reflective of the prevailing market conditions.

The financial reports of the Funds were authorised for issue by the directors on 28 September 2022.

## 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial reports are set out below. These policies have been consistently applied, unless otherwise stated in the following text.

### (a) Basis of preparation

These general purpose financial reports have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Interpretations and the *Corporations Act 2001* in Australia.

## **2 Summary of significant accounting policies (continued)**

### **(a) Basis of preparation (continued)**

The Funds are for-profit entities for the purpose of preparing the financial reports.

The financial reports are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The Statements of financial positions are presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and net assets attributable to unitholders. The amount expected to be recovered or settled within 12 months after the end of each reporting period in relation to these balances cannot be reliably determined.

#### *Compliance with International Financial Reporting Standards*

The financial reports of the Funds comply with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.

### **(b) New accounting standards and interpretations**

There are no standards that are not yet effective and that are expected to have a material impact on the Funds in the current or future reporting periods and on foreseeable future transactions.

### **(c) Cash and cash equivalents**

For the purpose of presentation in the Statements of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are not subject to a significant risk of change in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Funds' main income generating activity.

### **(d) Receivables**

Receivables may include amounts for dividends, distributions, interest and outstanding settlements on the sale of investments. Dividends and distributions are accrued when the right to receive payment is established. Amounts are generally received within 30 days of being recorded as receivables.

Receivables are recognised initially at fair value and subsequently measured at amortised cost less impairment. At each reporting date, the Funds shall measure the loss allowance on amounts due from brokers at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Funds shall measure the loss allowance at an amount equal to 12-month expected credit losses.

## **2 Summary of significant accounting policies (continued)**

### **(e) Due from/to brokers**

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. Trades are recorded on trade date and normally settled within two business days.

These amounts are recognised initially at fair value and subsequently measured at amortised cost less impairment. At each reporting date, the Funds shall measure the loss allowance on amounts due from brokers at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Funds shall measure the loss allowance at an amount equal to 12-month expected credit losses.

### **(f) Financial instruments**

#### *(i) Classification*

Funds' Investments are classified at fair value through profit or loss upon initial recognition. These include investments in listed equity securities.

#### *(ii) Recognition/derecognition*

The Funds recognise financial assets and financial liabilities on the date they become party to the contractual agreement (trade date) and recognise changes in fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Funds have transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised when the obligation under the liabilities are discharged.

#### *(iii) Measurement*

At initial recognition, the Funds measure a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statements of profit or loss and other comprehensive income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets or financial liabilities at fair value through profit or loss' category are presented in the Statements of comprehensive income within net gains/(losses) on financial instruments held at fair value through profit or loss in the period in which they arise.

The fair value of financial assets and liabilities traded in active markets is subsequently measured based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs. The quoted market prices used for financial assets held by the Funds are the last traded prices and the quoted market prices used for financial liabilities are the last traded prices.

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. Accordingly, there may be a difference between the fair value at initial recognition and amounts determined using a valuation technique. If such a difference exists, the Funds recognise the difference in the Statements of comprehensive income to reflect a change in factors, including time that market participants would consider in setting a price.

Further details on how the fair values of financial instruments are determined are disclosed in note 3(e).

## **2 Summary of significant accounting policies (continued)**

### **(f) Financial instruments (continued)**

#### *(iv) Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount reported in the Statements of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

### **(g) Applications and redemptions**

Applications received for units in the Funds are recorded net of any buy spread, payable upon application for units in the Funds. Redemptions from the Funds are recorded gross of any sell spread payable upon redemption of units.

### **(h) Distributions**

The Funds distribute their distributable income adjusted for amounts determined by the Responsible Entity in accordance with the Funds' Constitutions, to unitholders by cash or reinvestment.

### **(i) Payables**

Payables are recognised for amounts to be paid in the future for goods and services received whether or not billed to the Funds, and include outstanding settlements on the purchase of investments. Amounts are generally paid within 30 days of being recorded as payables.

### **(j) Net assets attributable to unitholders**

Units are classified as equity when they satisfy the following criteria under AASB 132 *Financial instruments: Presentation*:

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Funds' liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Funds, and it is not a contract settled in the Funds' own equity instruments; and
- the total expected cash flows attributed to the puttable financial instrument over the life are based substantially on the profit or loss.

The Funds' units are classified as equity as they satisfied all the above criteria.

## **2 Summary of significant accounting policies (continued)**

### **(k) Investment income**

Interest income is recognised in the Statements of profit or loss and other comprehensive income using the accruals method. Dividend income is recognised on the ex dividend date with any related withholding tax recorded as an expense.

Changes in fair value of financial instruments are recorded in accordance with the policies described in note 2(f) to the financial reports.

### **(l) Expenses**

All expenses, including management fees, performance fees, administration fees and custodian fees, are recognised in the Statements of profit or loss and other comprehensive income on an accruals basis.

### **(m) Increase/(decrease) in net assets attributable to unitholders**

Income not distributed is included in net assets attributable to unitholders. The Funds' distributions are classified as distributions paid/payable in the Statements of changes in equity.

### **(n) Income tax**

The Funds had elected into the Attribution Managed Investment Trusts rules, such that the determined trust components of the Funds will be taxable in the hands of the beneficiaries (the unitholders) on an attribution basis.

Accordingly, deferred taxes have not been recognised in the financial reports in relation to differences between the carrying amounts of assets and liabilities and their respective tax bases, including taxes on capital gains/losses which could arise in the event of a sale of investments for the amount at which they are stated in the financial reports.

Realised capital losses are not attributed to unitholders but instead are retained within the Funds to be offset against realised capital gains. The benefit of any carried forward capital losses is also not recognised in the financial reports. If in any period realised capital gains exceed realised capital losses, including those carried forward from earlier periods and eligible for offset, the excess is included in taxable income attributed to unitholders as noted above.

### **(o) Goods and Services Tax (GST)**

The GST incurred on the costs of various services provided to the Funds by third parties such as investment management fees and custodial services has been passed on to the Funds. The Funds qualify for Reduced Input Tax Credits (RITC) at a rate of at least 55%; hence investment management fees, custodial fees and other expenses have been recognised in the Statements of profit or loss and other comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Payables are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the Statements of financial position. Cash flows relating to GST are included in the Statements of cash flows on a gross basis.

## **2 Summary of significant accounting policies (continued)**

### **(p) Foreign currency translation**

#### *(i) Functional and presentation currency*

Balances included in the Funds' financial reports are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar (AUD) which reflects the currency of the economy in which the Funds competes for funds and is regulated. The Australian dollar is also the Funds' presentation currency.

#### *(ii) Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statements of profit or loss and other comprehensive income.

The Funds do not isolate that portion of unrealised gains or losses on securities and derivative financial instruments that are measured at fair value through profit or loss and which is due to changes in foreign exchange rates. Such fluctuations are included with the net gains/(losses) on financial instruments at fair value through profit or loss.

### **(q) Use of estimates**

From time to time the Funds make estimates and assumptions that affect the reported amounts of assets and liabilities within the current and next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. As at 30 June 2022 there are no material estimates (30 June 2021: Nil).

### **(r) Rounding of amounts**

The Funds are entities of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial reports. Amounts in the financial reports have been rounded off to the nearest thousand Australian dollar (AUD) in accordance with that Instrument, unless otherwise indicated.

## **3 Financial risk management**

The Funds are exposed to credit risk, liquidity risk and market risk (including price risk and interest rate risk) arising from the financial instruments they hold. The Responsible Entity has outsourced the managing of these risks to the Investment Manager who does so through a process of ongoing identification, measurement and monitoring.

The Funds' overall risk management program focuses on ensuring compliance with the Funds' Constitutions and PDSs. They also seek to maximise the returns derived for the level of risk to which the Funds are exposed and seek to minimise potential adverse effects on the Funds' financial performance.

All securities investments present a risk of loss of capital. The maximum loss of capital on long equity securities is limited to the Funds' fair value of those positions.

Risks are measured using a method that reflects the expected impact on the results and net assets attributable to unitholders of the Funds from reasonably foreseeable changes in the relevant risk variables. Information about these risk exposures at the reporting date, measured on this basis, is disclosed below. Information about the total fair value of financial instruments exposed to risk, as well as compliance with established investment mandate limits, is also monitored by the Responsible Entity. These mandate limits reflect the investment strategy and market environment of the Funds, as well as the level of risk that the Responsible Entity is willing to accept.

### **3 Financial risk management (continued)**

This information is prepared and regularly reported to relevant parties within the Responsible Entity.

As part of its risk management strategy, the Funds may use derivatives to manage certain risk exposures.

Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

In order to avoid excessive concentration of risk, the Funds monitor their exposure to ensure concentrations of risk remain within acceptable levels and either reduce exposure or uses derivative instruments to manage the excessive risk concentrations when they arise.

#### **(a) Market risk**

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates and equity prices. The Funds' investment activities are undertaken in accordance with established mandate limits and investment strategies.

##### *(i) Price risk*

The Funds are exposed to equity securities price risk. This arises from investments held by the Funds for which prices in the future are uncertain. These investments are classified in the Statements of financial position at fair value through profit or loss. The fair value of the investments represents the Funds' maximum price risk.

The table at note 3(b) summarises the sensitivity of the Funds' assets and liabilities to price risk. The analysis is based on the assumption that the markets in which the Funds invest move by +/-10% (2021: +/-10%).

##### *(ii) Foreign exchange risk*

The Funds have the right to invest in non-AUD denominated listed equities, therefore exposing the Funds to foreign exchange risk.

Any non-AUD denominated investments are translated using the spot rate at balance sheet date. Non-AUD denominated income is translated at the prevailing spot rate on the date of receipt.

As at 30 June 2022, the foreign exchange risk was immaterial.

##### *(iii) Interest rate risk*

Interest rate risk is defined as the risk that the fair value or future cash flows of a financial instrument may fluctuate because of changes in market interest rates. Interest rate risk is not considered to be significant.

Interest rate risk management is undertaken by maintaining as close to a fully invested position as possible thus limiting the exposure of the Funds to interest rate risk.

### 3 Financial risk management (continued)

#### (a) Market risk

The tables below detail the Funds' exposure to interest rates into the relevant categories at the reporting date. The table at note 3(b) summarises the Funds' sensitivity to interest rate risk.

Australian Equities Fund	Floating interest rate	Fixed interest rate	Non-interest bearing	Total	Floating interest rate	Fixed interest rate	Non-interest bearing	Total

#### (b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Funds' operating profit and net assets attributable to unitholders to price risk and interest rate risk. The possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Funds invest. As a result, historic variations in risk variables should not be used to predict future variations in the risk variables. The price risk variables relate to a weighted average percentage movement in the price of equities owned at 30 June 2022. The interest rate risk variables relate to a weighted average percentage movement in cash and cash equivalents at 30 June 2022.

### **3 Financial risk management (continued)**

#### **(c) Credit risk**

Credit (or counterparty) risk is the risk that one party to a financial instrument will fail to perform its contractual obligations and cause the Funds to incur a financial loss.

The Funds' maximum credit risk exposure at reporting date in relation to each class of recognised financial asset, other than equity and derivative financial instruments, is the carrying amount of those assets as indicated in the Statements of financial position. This does not represent the maximum risk exposure that could arise in the future as a result of changes in values, but best represents the current maximum exposure at the reporting date.

In relation to equity and derivative financial instruments, credit risk arises from the potential failure of counterparties to meet their obligations under the contract or arrangement. The risk associated with these contracts is minimised by undertaking transactions with counterparties on recognised exchanges or, where applicable, ensuring that transactions are undertaken with a large number of counterparties.

Credit risk arising from derivative financial instruments is, at any time, limited to those with positive fair values.

The Funds do not have a significant concentration of credit risk that arises from an exposure to a single counterparty or group of counterparties having similar characteristics. The main concentration of credit risk, to which the Funds are exposed, arises from cash and cash equivalents and amounts due from brokers balances.

There are no financial assets that are past due or impaired.

#### **(d) Liquidity risk**

Liquidity risk is the risk that the Funds will encounter difficulty in meeting their obligations associated with financial assets and liabilities. Cash flow risk is the risk that future cash flows associated with financial instruments will fluctuate in amount or timing.

These risks are controlled through the Funds' investment in financial instruments, which under normal market conditions are readily convertible to cash. In addition, the Funds maintain sufficient cash and cash equivalents to meet normal operating requirements.

Financial liabilities of the Funds comprise trade and other payables, distributions payable and derivative instruments. Trade and other payables and distributions payable have no contractual maturities but are typically settled within 30 days of the obligation arising. Payment obligations in respect of derivative financial instruments arise and are met pursuant to their terms of issue.

### 3 Financial risk management (continued)

#### (d) Liquidity risk (continued)

The tables below details the Funds' financial liabilities into the relevant maturity groupings based on the remaining period at reporting date to the contractual maturity date.

#### (e) Fair value estimation

The carrying amounts of the Funds' assets and liabilities at the end of each reporting period approximate their fair values.

Financial assets and liabilities at fair value through profit or loss are measured initially at fair value including any transaction costs that are attributable to the acquisition or issue of the financial asset or financial liability. Subsequent to initial recognition, all instruments at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statements of profit or loss and other comprehensive income.

##### (i) Fair value in an active market

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

For the majority of its investments, the Funds rely on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Funds is the last traded price; the appropriate quoted market price for financial liabilities is the last traded price. When the Funds hold derivatives with offsetting market risks, they use last traded prices as a basis for establishing fair values for the offsetting risk positions and apply this last traded price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

### **3 Financial risk management (continued)**

#### **(e) Fair value estimation (continued)**

##### *(i) Fair value in an inactive or unquoted market*

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

#### **(f) Fair value hierarchy**

AASB 13 requires the Funds to classify fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety.

For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes "observable" requires significant judgment by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and not provided by independent sources that are actively involved in the relevant market.

### 3 Financial risk management (continued)

#### (f) Fair value hierarchy (continued)

The tables below set out the Funds' financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 30 June 2022 and 30 June 2021.

## 6 Net assets attributable to unitholders

Under AASB 132 *Financial Instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Funds classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions. The Funds' puttable instruments meet the definition to be classified as equity.

The movement in the number of units and net assets attributable to unitholders during the year was as follows:

	<b>Australian Equities Fund</b>				<b>Concentrated Australian Equities Fund</b>			
	<b>30 June 2022 Units'000</b>	30 June 2021 Units'000	<b>30 June 2022 \$'000</b>	30 June 2021 \$'000	<b>30 June 2022 Units'000</b>	30 June 2021 Units'000	<b>30 June 2022 \$'000</b>	30 June 2021 \$'000

As stipulated within the Funds' Constitutions, each unit represents a right to an individual share in the Funds and do not extend to a right to the underlying assets of the Funds. Each unit has the same rights attaching to it as all other units of the Funds.

### Capital risk management

The Funds consider their net assets attributable to unitholders as capital. Net assets attributable to unitholders can change significantly on a daily basis as the Funds are subject to daily applications and redemptions at the discretion of unitholders.

Applications and redemptions are reviewed relative to the liquidity of the Funds' underlying assets on a daily basis by the Investment Manager. Under the terms of the Funds' Constitutions, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

## 7 Distributions to unitholders

## 12 Related party transactions

### Responsible Entity

The Responsible Entity of the Funds is Bennelong Funds Management Ltd (ABN 39 111 214 085) (AFSL 296806). Accordingly, transactions with entities related to Bennelong Funds Management Ltd are disclosed below.

### Key management personnel

Key management personnel includes persons who were directors of Bennelong Funds Management Ltd at any time during the financial year or since the end of the year up to the date of this report:

Directors:

Michael Dwyer	Chairman
Craig Bingham	
Vicki Allen	
Lincoln McMahon	
Stephen Rix	(Retired 16 June 2022)
Adam Tindall	(Appointed 1 October 2021)
Andrea Waters	

Other key management personnel:

Jeff Phillips	Company Secretary
---------------	-------------------

## 12 Related party transactions (continued)

### Key management personnel compensation

Key management personnel are paid by the parent company of the Responsible Entity. Payments made from the Funds to the Responsible Entity do not include any amounts directly attributable to the compensation of key management personnel.

### Key management personnel loan disclosures

The Funds have not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting year.

### Other transactions within the Funds

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Funds during the financial year and there were no material contracts involving key management personnel's interests existing at year end.

### Responsible Entity's/manager's fees and other transactions

Under the terms of the Funds' Constitutions and the current PDSs for the Funds, the Responsible Entity is entitled to receive fees.

Transactions with related parties have taken place at arm's length and in the ordinary course of business. The transactions during the year and amounts at year end between the Funds and the Responsible Entity were as follows:

	Australian Equities Fund		Concentrated Australian Equities Fund		Emerging Companies Fund

## 14 Events occurring after the reporting date

No significant events have occurred since the reporting date which would impact on the financial positions of the Funds disclosed in the Statements of financial position as at 30 June 2022 or on the results and cash flows of the Funds for the year ended on that date.

## 15 Contingent assets and liabilities and commitments

In accordance with the Funds' Constitutions, the Responsible Entity is entitled to be reimbursed for all operating and administration expenses that have been incurred on behalf of the Funds. The Funds' PDSs outline in Section 6 that the Responsible Entity caps this amount at 0.05% per annum of the Net Asset Value (NAV) of the Funds.

As at 30 June 2022, the Responsible Entity has incurred the following reimbursable expenses in excess of the amount charged to the Funds:

<b>Funds</b>	<b>As at</b>	
	<b>30 June 2022</b>	<b>30 June 2021</b>
	<b>\$</b>	<b>\$</b>
Australian Equities Fund	<b>22,577</b>	6,159

Deferred expenses reimbursed during in the year	<b>(915,967)</b>	(532,400)	<b>(20,544)</b>	(6,245)
Closing balance	-	-	<b>637,845</b>	498,453

There were no other contingencies for the Funds at the reporting date

**Directors' declaration**

The directors of the Responsible Entity declare in respect of the following Funds:

Bennelong Australian Equities Fund  
Bennelong Concentrated Australian Equities Fund  
Bennelong Emerging Companies Fund  
Bennelong ex-20 Australian Equities Fund  
Bennelong Twenty20 Australian Equities Fund

- (a) in the directors' opinion, there are reasonable grounds to believe that the Funds will be able to pay their debts as and when they become due and payable;
- (b) in the directors' opinion, the attached financial reports are in compliance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board interpretations and International Financial Reporting Standards as stated in Note 2 to the financial report;
- (c) in the directors' opinion, the attached financial reports and notes thereto are in accordance with the *Corporations Act 2001*, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the Funds.

Signed in accordance with a resolution of the directors of the Responsible Entity made pursuant to section 295(5) of the *Corporations Act 2001*.

Craig Bingham  
Director

Melbourne

## Independent Auditor's Report to the Unitholders of BAEP Funds

### Opinion

We have audited the financial reports of Bennelong Australian Equities Fund, Bennelong Concentrated Australian Equities Fund, Bennelong Emerging Companies Fund, Bennelong ex-20 Australian Equities Fund and Bennelong Twenty20 Australian Equities Fund (collectively "BAEP Funds" or the "Funds") which comprises the statements of financial position as at 30 June 2022, the statements of profit and loss and other comprehensive income, the statements of changes in equity and the statements of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion, the accompanying financial reports of the Funds are in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Funds' financial position as at 30 June 2022 and of their financial performance for the year then ended; and
- Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Reports* section of our report. We are independent of the Funds in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Bennelong Funds Management Ltd (the "Responsible Entity"), would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other Information

The directors of the Responsible Entity (the "directors") are responsible for the other information. The other information comprises the information included in the Directors' report for the year ended 30 June 2022, but does not include the financial reports and our auditor's report thereon.

Our opinion on the financial reports does not cover the other information and we do not express any form of assurance conclusion thereon.

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organisation"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more.

Liability limited by a scheme approved under Professional Standards Legislation.  
Member of Deloitte Asia Pacific Limited and the Deloitte organisation.

In connection with our audit of the financial reports, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial reports or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of the Directors for the Financial Report**

The directors are responsible for the preparation of the financial reports that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial reports that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial reports, the directors are responsible for assessing the ability of the Funds to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Funds or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Reports**

Our objectives are to obtain reasonable assurance about whether the financial reports as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial reports.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial reports, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial reports or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial reports, including the disclosures, and whether the financial reports represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
